CHAPTER TITLE ADMINISTRATION		RESOURCES		
SUBJECT INFORMATION SYSTEMS MANAGER		CROSS REFERENCE		

I. Purpose:

The purpose of this policy is to provide a job description for the position of Information Systems Manager.

II. Policy:

The Information Systems Manager is responsible for directing operations of the Sheriff's Office for information systems and technology, including technical support and systems analysis. Also establishes technical priorities, standards, and procedures. Assists the department in realizing the maximum benefit from the investment in equipment, personnel, and operational processes as it applies to information systems and technology.

A. SUPERVISION RECEIVED:

The Information Systems Manager works under the direction of the Assistant Administrative Commander.

B. SUPERVISION EXERCISED:

The Information Systems Manager directs and supervises the Information Systems Technical Support.

C. ESSENTIAL FUNCTIONS:

- Understand the functions of the department and integrate information technology into department operations. Analyze needs and make recommendations of hardware and software purchases. Plan and prepare a budget for the purchase of computer hardware and software.

- Work with the County Information Systems Department to plan, implement and

maintain information systems/technology that is operational within the county's network.

- Supervise and Coordinate projects with the Technical Support staff.
- Analyze and plan for the installation of computer systems. Participate in the research and selection of software to meet the needs of the department.
- Review and monitor upgrades of existing personal computer systems. Maintain inventory of computers, printers, scanners, and other computer peripherals.
- Apply project management techniques to oversee the planning and implementation of new systems. Coordinate testing and observes the initial use of the systems to ensure performance meets expectations. Identify tasks that need to be accomplished. Work with command officers to apply the coordination of staff to meet goals. Monitor project timelines. Participate in committees and coordinates meetings when necessary to track project status. Through verbal and written communication, keeps departmental staff updated with trends and objectives.
- Identify the needs of training department staff in the use of software applications and hardware operation. Work closely with division commanders, supervisors, the Training Sergeant and Software Training Manager to implement applicable training.
- Oversee computer use and monitors data control. Provide end user support.
- Assist department staff on implementing and maintenance of web sites for the department. Consult with division commanders to determine requirements for web pages.
- Has understanding of databases and the architecture of the information that resides in the databases in order to produce reports.
- Support the county network by maintaining the integrity of the network. Provide troubleshooting and system upgrades.
- Understand and identify security rights to programs and administers security to restrict unauthorized use of data systems. Execute preventative measures and monitor proper use. Make recommendations on security issues and identifies and corrects vulnerabilities.
- Supervise the Technical Support staff, monitor work schedules and job performance, check on the progress of projects, and approve leave time and overtime. Manage and supervise assigned personnel to achieve goals; plan and organize workloads and staff assignments; train, motivate and evaluate assigned staff; review progress and direct changes as needed.
- Maintain the Sheriff's Office website. Has knowledge of website design software and code.

- Install and repair computers, printers, scanners and other computer-related equipment.
- Install and support software applications used by the Sheriff's Office.
- Provide support for Bring Your Own Device (BOYD) technology. Examples include tablets, smart phones, and knowledge of the various operating systems that are installed on those devices. County employee email and NCJIS certificates are examples of frequent requests for assistance from employees.
- Manage network logon accounts and security.
- Assess technical equipment and software needs, participate in planning and strategies for implementation.
- Retain and update knowledge base regarding technical trends and provide input to apply to Sheriff's Office technical operations.
- Provide support for software and hardware at various locations of the Sheriff's Office employees, to include vehicles and satellite operations.
- Review new software and hardware systems and makes recommendations on purchases and implementation.
- Report to work with regular, predictable, and consistent attendance.

D. NECESSARY KNOWLEDGE, SKILLS, AND ABILITIES:

- Knowledge of internet and web designs.
- Knowledge of database systems and management.
- Knowledge of network infrastructure.
- Knowledge of Active Directory and Exchange configurations to set up employee network logon and email accounts.
- Knowledge of operating systems, application software, and computer hardware.
- Knowledge of mobile data computers, software, and other technical hardware in the cruisers.
- Able to successfully complete training as it applies to specific technology applications within the department.
- Possess detail-oriented skills.

- Ability to understand and apply time management and priorities.
- Possess comprehensive knowledge of computer and technology equipment, software, installation, repair, testing, and troubleshooting.
- Monitor and keep updated on continually changing and evolving trends in information technology.
- Skill in the operation of tools and equipment necessary for operations, installation and repair.
- Ability to learn the applicable laws, ordinances, and department rules and regulations.
- Ability to communicate effectively orally and in writing.
- Ability to establish and maintain effective working relationships with subordinates, peers and supervisors.
- Ability to follow verbal and written instructions.
- Ability to make decisions concerning complicated situations and problems.
- Ability to effectively supervise numerous employees and schedule daily hours and assignments.
- Ability to distinguish between priorities and daily administrative duties.
- Ability to work flexible hours and overtime when needed, and ability to handle stressful situations.
- Ability to efficiently and effectively screen, hire, test, and discipline employees.
- Ability to apply basic principles and techniques of supervision to plan, organize, and guide employees to accomplish various tasks at peak performance levels.
- Good knowledge of the English language and proper grammar, spelling and punctuation.
- Ability to utilize proper telephone etiquette.
- Ability to perform mathematical calculations, including addition, subtraction, multiplication, division and mathematical algorithms.
- Thorough knowledge of computer programs and application software.

- Ability to establish and maintain effective working relationships with the general public, government officials, law enforcement agencies and fellow employees.

- Ability to maintain the confidentiality of all departmental communications, documents and correspondence.

- Possess analytical discipline to identify and correct errors in software applications and computer software.

E. MINIMUM REQUIRED QUALIFICATIONS:

General:

- Must be 18 years or older at the time of employment;
- Must possess, or obtain by time of hire, a valid State driver's license without record of suspension or revocation in any State;
- No felony convictions or disqualifying criminal histories within the past seven years;
- Must be able to read and write the English language.

Education and Experience:

- High school diploma or GED equivalent required. Bachelor's degree from an accredited college or university in Information technology, MIS, or closely related field preferred.*

**Approved education or work experience beyond that required which provides equivalent knowledge, skills, and abilities may be considered and substituted for the stated education or experience.*

F. SELECTION GUIDELINES:

Formal application, rating of education and experience; oral interview and reference check; job related tests (may be required), background investigation, and polygraph.

G. TOOLS AND EQUIPMENT USED:

Personal computer and related peripherals; data networking and computer repair equipment, county vehicle, specialized software and hardware, fax machine, and copy machine.

H. PHYSICAL DEMANDS:

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this job, the employee is frequently required to sit and talk or hear. The employee is occasionally required to stand; walk; use hands to finger, handle, or operate objects, tools, or controls; reach with hands and arms; climb or balance; stoop, kneel, crouch, or crawl; and taste or smell.

Work is generally performed indoors in an office setting and occasionally requires lifting and/or moving more than 50 pounds. Specific vision abilities required by this job include close vision, distance vision, color vision, peripheral vision, depth perception, and the ability to adjust focus.

Subject to call twenty-four hours a day, seven days a week in the event of a crisis. During an emergency as declared by the Sheriff, employees' shifts, hours, and duties may be established and leave provisions may be cancelled or restricted.

I. WORK ENVIRONMENT:

The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Work may be stressful when meeting deadlines, and performing other complex work criteria.

The noise level in the work environment is usually moderate with a various amount of activity from employees, general public, news media, and/or outside law enforcement agencies.
