CHAPTER TITLE AUXILIARY UNITS	RESOURCES			
SUBJECT THREAT ASSESSMENT TEAM	CROSS REFERENCE			

I. Purpose:

The purpose of this policy is to establish the direct lines of responsibility and collaboration of the Threat Assessment Team.

II. Policy:

The Threat Assessment Team is comprised of members of The Sarpy County Sheriff's Office and other cross-jurisdictional agencies to include, but is not limited to; schools, Law Enforcement Agencies, Criminal Justice Courts and Agencies, Offutt Air Force Base Personnel, and mental health agencies within Sarpy County. The Threat Assessment Team operates as a centralized collaborative review board to identify, prevent, intervene and manage situations that threaten the safety of Sarpy County. The Threat Assessment Team shall consist of a Policy Group and a Work Group.

III. Definitions:

A. POLICY GROUP: Threat Assessment Team Policy Group Members designated to create, review and implement policy as it pertains to the development and training of the Threat Assessment Team Work Group.

B. WORK GROUP: Threat Assessment Team Work Group Members designated to review each referral received by their designated agency, determine if the threat is substantiated, convene a meeting of the Threat Assessment Team and, if further action is necessary and/or make recommendations for service(s).

C. TIPS: The Threat Assessment Team has contracted with a software company to maintain case files. An additional element provided for the team is "TIPS" which is a link that is placed on the home web page of any school district or law enforcement agency to allow members of the community to confidentially or anonymously report information concerning behaviors, suspicious activities and other types of incidents.

D. **A.T.A.P.:** The Association of Threat Assessment Professionals.

IV. Procedure:

A. **Training:** It is recommended that Threat Assessment Team members receive training in Threat Assessment consistent with A.T.A.P. standards. They shall also receive training in the use of the software utilized by the Threat Assessment Team to maintain records of cases.

B. **Receipt of Referral:**

1. Upon the receipt of a referral through the TIPS software, members of the Work Group shall determine if the incident is of a nature that can be handled within the organization or if the information needs to be brought to the entire Work Group for discussion and disposition.

2. Upon receiving a threat referral, the Threat Assessment Work Group shall determine the type of threat.

a) Transient Threat: The threat is based upon a brief expression, comment or scene that is non-genuine, non-sustainable, and/or concluded in a manner which ends in a retraction.

b) Substantive Threat: The threat is specific, detailed, repeated, planned, and/or includes evidence (i.e. lists, drawings) of an intent to act.

2. The Work Group shall also consider, but not be limited to, the following factors:

a) Subject's age.
b) Subject's mental status.
c) Subject's history of aggression and/or threats of violence.
d) Subject's developmental state.
e) Subject's family and social dynamics.
f) Subject's contact history with Law Enforcement.
g) Subject's involvement in Legal System.
h) Subject's access to weapons.
i) Credibility of information received.
j) Other factors

C. **Threat Parameters:** The Work Group shall review all information and make recommendations on what immediate action (if any) shall be taken.

a) High Risk Incident

b) Emergency Protective Custody
c) Mental Health Services
d) Law Enforcement Investigation
e) Safety plan development
