## I. Purpose:

The purpose of this policy is to establish the guidelines for the use and maintenance of the Mobile Command Center.

## II. Policy:

The Sarpy County Sheriff's Office maintains a Mobile Command Center (2004 Utilimaster-Model Aeromaster) to be utilized during natural disasters, civil disorder, and emergencies. The Mobile Command Center (MCC) serves as a central location for command and the Crisis Negotiations Unit (CNU) during critical incidents for extended or unknown periods of time. The MCC may also be used for other Sheriff's Office functions and special events.

## III. Procedure:

**A. Purpose of the Mobile Command Center:** The purpose of the MCC is to establish a central location for:

1. An organized, coordinated response of Sheriff's Office resources.
2. Decision making.
3. Obtaining outside resources.
4. The dissemination of information to the public and/or media.
5. Assisting Sarpy County Emergency Management, if applicable.

**B. Establishment of the Mobile Command Center:** The MCC may be established in the event of a critical incident where the duration of the event is likely to be more than eight (8) hours. The MCC may also be used as a support facility during special events (e.g. County Fair). Critical incidents may include, but are not limited to:

1. Natural disaster.

2. Train derailment.
3. Chemical incident.
4. Major hazardous materials spill.
5. Gas leak or explosion.
6. Terrorist incident.
7. Aircraft incident.
8. High risk incident (e.g. barricaded armed subject, hostage situation).
9. Major crime scene.
10. Drowning.
11. Lost or missing child/person.
12. Major accident scene or multiple fatality accident.
13. Detonation of an explosive device.

**C. Mobile Command Center Operations:**

1. Any command officer may request the MCC. The command officer requesting the MCC shall request Communications contact the MCU Commander.

2. The MCC Supervisor shall contact two MCU operators, if available, to retrieve the MCC and deliver it to the requested scene.

3. In optimal conditions, two employees, including at least one MCU operator, should be with the vehicle to ensure safe operation. MCU operators shall follow appropriate procedures established in the Mobile Command Center Manual. If only one operator is available, extreme care shall be taken to prevent any injury or damage.

4. Only an MCU operator or selected CNU members shall be allowed to transport, initially set up, or break down the MCC.

5. Only those employees trained to operate MCU equipment shall do so.

6. The on-duty watch commander or ADC shall be notified any time the MCC is requested (other than for pre-planned special events).

7. The MCC shall be under the direct control of the command officer responsible for the incident or event, unless relieved of duties by the Chief Deputy or Sheriff. In keeping with the FEMA/NIMS doctrine, the responsible command officer shall be referred to as the incident commander.

8. Upon establishing the Mobile Command Center, the incident commander shall notify Communications of the location and the personnel in the MCC.

9. The incident commander shall direct a log be maintained for the incident. The log shall begin upon the establishment of the MCC until the incident is resolved. An incident log is not necessary for a pre-planned special event.

**10.** In the event the incident commander must leave the Mobile Command Center, he or she shall designate a temporary incident commander.

**11.** Only authorized personnel may enter the Mobile Command Center. The incident commander may post a deputy to limit access to the MCC.

**12.** When the MCC is utilized for a long term special event (e.g. the County Fair), the event commander shall assign an employee to open the MCC at the beginning of each day and shall assign an employee to secure the MCC at the end of each day. The assigned employees shall be listed on the MCC Assignment Sheet and the employees assigned to secure the MCU shall complete an End of Day Procedures checklist.

**D. Mobile Command Center Documentation:**

**1.** Any time the MCC is utilized (for an incident, a special event, or training) a Mobile Command Center Check Out/Check In Procedures checklist shall be completed by the MCU operators.

**2.** Any time the MCC is utilized for an incident, a Mobile Command Center After-Action Report shall be completed by the MCU Supervisor. The After-Action Report shall include:

**a)** The date and time requested.
**b)** The command officer requesting the MCC.
**c)** The IR number for the incident.
**d)** The MCU operators involved.
**e)** The agencies involved in the incident.
**f)** A brief narrative describing the incident and the MCC use.
**g)** An evaluation of the incident and recommendations for procedure and/or equipment improvements.

**3.** All MCC documentation shall be maintained by the MCC Commander or supervisor.

**E. Maintenance of Mobile Command Center:** The Sheriff shall appoint an MCU Commander who shall be responsible for the maintenance of the MCC including training.

**1.** The MCU Supervisor shall maintain a list of MCU operators who can be called upon to retrieve the MCU and bring it to a designated location for set up. This list shall be updated each shift change and shall include current work schedule and relevant contact numbers for all MCU operators. Communications shall be provided a copy of the MCU operator's list.

**2.** The MCU Supervisor shall maintain an inventory list of all equipment that is associated with the MCU. The inventory list shall be verified after each training session or after each deployment.

**3.** Any malfunction or damage regarding the MCC shall be reported to the MCU Supervisor. The MCU Supervisor shall be responsible for proper investigation, follow-up, documentation and repair of the MCC or its equipment.

**4.** The MCU Commander shall ensure that all authorized MCU operators receive at least annual training on the transport, set up, and break down of the MCU.
