STANDARD OPERATING PROCEDURE			AU-9400
	SARPY COUNTY SHERIFF'S OFFICE PAPILLION * NEBRASKA **GREG LONDON** **SHERIFF**	DATE ISSUED 11/17/14	DATE REVISED **06/10/20**	DATE REVIEWED 02/02/25
		APPROVED: *GREG LONDON*		
CHAPTER TITLE AUXILIARY UNITS: CRASH RESPONSE UNIT		RESOURCES		
SUBJECT CRU CRITERIA FOR ACTIVATION		CROSS REFERENCE AU-9300 CRASH RESPONSE UNIT OPERATIONS AND TRAINING		

I. Purpose:

The purpose of this policy is to establish the guidelines for activating the Crash Response Unit.

II. Policy:

The Sheriff's Office shall provide a professionally trained and maintained Crash Response Unit (CRU) to assist in the investigation of serious injury and fatality crashes. The CRU shall be available twenty-four (24) hours a day to respond to crashes. Requests for immediate use of the CRU shall be directed to the Crash Response Unit Leader. Deputies shall take care to preserve scene evidence prior to the arrival of the CRU and SMCRT.

III. Procedure:

A. Requesting Crash Response Unit:

1. Requests for the immediate services of the CRU or SMCRT by Sheriff's Office personnel shall be directed to the CRU Team Leader. The CRU Team Leader will assess the severity of the crash, in accordance with the Memorandum of Understanding (MOU) of the SMCRT, and determine if more support is needed to investigate the crash. If the CRU or SMCRT is activated the ADC shall be notified.

2. The CRU may be utilized for crashes not meeting the SMCRT guidelines when it is determined the crash may be investigated further by just members of the Sheriff's Office Crash Response Unit. This is determined on a case-by-case basis and a determination to activate solely the CRU will result in a page sent via AlertSense to just Sheriff's Office CRU Members.

3. Requests from other agencies to utilize the CRU shall be directed to the CRU Team Leader (i.e., a requesting agency not in the MOU of the SMCRT) in accordance to policy AU-9300 Crash Response Unit Operations and Training.

4. The CRU Team Leader shall contact the requesting supervisor and determine if the CRU and SMCRT will respond. If the CRU Team Leader determines that the CRU will respond, Communications shall be notified to send a group page, including a contact number and a response location, to all team members.

5. Team members go “in service” on the LE West radio channel and then, if needed, switch to the appropriate incident channel as designated.
