CHAPTER TITLE COURT SERVICES	RESOURCES			
SUBJECT RESTRAINT CHAIR	Cross Reference G-6300 Authorized Restraints G-6100 Use of Force			

I. Purpose:

The purpose of this policy is to establish guidelines for the use of restraint chair within the Sarpy County Courthouse.

II. Policy:

The personnel of the Sarpy County Courthouse shall employ quality and professional standards for facility security and control in order to ensure a safe and secure environment for the community, the general public, the inmates and the staff. Deputies shall adhere to all of the following procedures regarding the use of restraints, and necessary force.

III. Use of Restraints: Restraints shall only be used to prevent escape or to prevent an inmate from harming himself or herself or others. Restraints shall never be used to inflict punishment. Only authorized restraints shall be used (see G-6300 Authorized Restraints).

A. Restraint Chair-Deputy Responsibilities: If an inmate becomes violent and there is a risk the inmate will harm himself or herself or others, he or she may be placed in the restraint chair. If an inmate is placed in the restraint chair, deputies or corrections officers shall adhere to the following procedures:

1. The initiating deputy shall notify the shift supervisor immediately.

2. The initiating deputy shall complete a Use of Restraints Form and also initiate a Special Watch Log.

a) The inmate shall be continuously monitored by staff.

b) The restraints shall be physically inspected for security and safety at least once every hour. The inspection checks shall be logged on the Special Watch Log.

c) A minimum of two deputies shall be present when the inmate is removed from the restraint chair or when the inmate is performing range of motion exercises.

3. Restraint Chair-Supervisor Responsibilities: The shift supervisor shall monitor any use of the restraint chair and shall adhere to the following procedures:

a) The shift supervisor shall regularly assess the status and condition of the restrained inmate.

b) The shift supervisor shall notify the Sarpy County Jail Medical Staff as soon as possible.

(1) Sarpy County Jail Medical Staff shall respond and check the restrained inmate's medical condition as soon as practicable.

(2) Sarpy County Jail Medical Staff shall check the inmate's medical condition at least hourly and update the Special Watch Log.

c) When practicable, the shift supervisor shall assign an employee to audio and video record the restrained inmate.

d) The shift supervisor shall determine when the inmate is to be removed from the restraint chair.

e) After the inmate is released from the restraint chair, the shift supervisor shall ensure the Special Watch Log and the Use of Restraints Form are complete. These documents shall then be forwarded to the Support Services Division Commander.

4. Restraint Chair - Timelines

a) No inmate shall remain in a restraint chair for more than two (2) hours unless authorized by a Support Services Division Commander. If an inmate is restrained over two (2) hours, the inmate shall regularly perform range of motion exercises. For security reasons, sworn personnel shall be present when the inmate is performing range of motion exercises.

b) Under no circumstance, shall an inmate remain in a restraint chair for more than ten (10) hours.

B. **Use of Force:** All use of force within the Sheriff's Office shall be in accordance with the Sheriff's Office use of force policy (G-6100).
