STANDARD OPERATING PROCEDURE			G-10400
SARPY COUNTY SHERIFF'S OFFICE PAPILLION * NEBRASKA **GREG LONDON** **SHERIFF**	DATE ISSUED 12/04/06	DATE REVISED **03/11/13**	DATE REVIEWED 02/02/25
	APPROVED: *GREG LONDON*		
CHAPTER TITLE GENERAL	RESOURCES		
SUBJECT COMMAND CENTER	CROSS REFERENCE G-10410 FIELD COMMAND POST		

I. Purpose:

The purpose of this policy is to establish the guidelines for the establishment and maintenance of a command center.

II. Policy:

It may be necessary for the Sheriff's Office to establish a command center (CC) during the course of a natural disaster or other wide spread events. The command center shall serve as a centralized location for an organized response to critical events. Generally, the command center shall be established at the Sarpy County Sheriff's Office.

III. Procedure:

A. Purpose of a Command Center: The purpose of a CC is to establish a central location for:

1. An organized, coordinated response of Sheriff's Office resources.
2. Decision making.
3. Obtaining outside resources.
4. The dissemination of information to the public and/or media.
5. Assisting Sarpy County Emergency Management, if applicable.

B. Establishment of a Command Center: A CC may be established in the event of a critical incident of widespread involvement. Critical incidents may include, but are not limited to:

1. Tornado.
2. Flood.
3. Train derailment.
4. Chemical incident.
5. Major hazardous materials spill.

6. Gas leak or explosion.
7. Terrorist incident.

C. Command and Control:

1. The CC shall be under the direct command of the High Risk Incident Commander, unless relieved of duties by the Chief Deputy or Sheriff.

2. Upon establishing the CC, the High Risk Incident Commander shall notify Communications of the command center location and the personnel at the command center.

3. The High Risk Incident Commander shall direct a log be maintained for the incident. The log shall begin upon the establishment of the CC until the incident is resolved.

4. In the event the High Risk Incident Commander must leave the CC, he or she shall designate a command center commander.

5. The High Risk Incident Commander may establish a field command post(s) at or near the scene(s) (see G-10410 Field Command Post). The field command post shall coordinated with and receive direction from the CC.

D. Command Center Resources: The CC shall have all of the following resources:

1. Portable Radios.

2. Phones: land lines and cellular.

3. Maps:

a) Current map book.
b) Large county wide map for marking.
c) Specialty maps for specific locations.

4. Civilian Support: Clerical and phone support.

5. Incident Dispatch Team

6. Personnel Roster:

a) Current sworn and non-sworn personnel roster.
b) Current division assignments.
c) Pager and cellular phone numbers.

7. County-Wide Emergency Plan:

a) Listing of county resources: equipment and vehicles.
b) Listing of city and county officials including contact numbers.

E. **Maintenance of Command Center Resources:** The administrative commanders shall ensure that all equipment, rosters, and emergency plans for the CC are current.

1. Both administrative commanders shall inspect all materials on a bi-annual basis.

2. The Administrative Commander shall schedule periodic training for command staff to review emergency plans and CC operations.
