		APPROVED: *GREG LONDON*		

CHAPTER TITLE	RESOURCES
GENERAL	

SUBJECT	CROSS REFERENCE
PURCHASES	G-4400 INVENTORY CONTROL G-8300 FIREARMS TRAINING AND QUALIFICATION

I. Purpose:

The purpose of this policy is to establish the guidelines for making purchases for the Sheriff's Office.

II. Policy:

Sheriff's Office employees must be authorized by a command officer, the Chief Deputy, or the Sheriff to make purchases.

III. Procedures:

A. Any new purchase (not replacement or re-stock items) in excess of two hundred (200) dollars must be approved by a division commander with the exception of routinely purchased office supplies or items pre-approved by a division commander.

B. Employee Purchases:

1. The employee making a purchase shall complete a Purchase Request/Notification form.

a) Employees do not need to complete a Purchase Request/Notification form for fuel purchased for a county vehicle from the approved county vendor. If an employee purchases fuel from a non-approved vendor or makes a fuel purchase requiring reimbursement, he or she must complete a Purchase Request/Notification form

2. The employee shall attach an invoice, bill of sale, or receipt signed with the employee's rank, name and serial number.

3. The Purchase Request/Notification form with invoice, bill of sale, or receipt shall be returned to the Accounts Payable Clerk as soon as possible after

purchase. A copy shall also be provided to the division commander of the division for which the purchase was made (if the purchase is less than $200, the division commander's copy may be sent electronically and does not need the invoice, bill of sale, or receipt).

4. All new items in excess of five hundred (500) dollars in value or those items designated as security items (see G-4400 Inventory Control) must be inventoried by the Office Manager upon receipt.

C. Purchase Request/Notifications:

1. Employees may request items be purchased by completing a Purchase Request/Notification form and forwarding it to the Accounts Payable Clerk. The form may be forwarded electronically.

2. A copy of the Purchase Request/Notification form shall be forwarded to the appropriate division commander.

3. When an item is received it must be inventoried by the Office Manager.

D. Training Equipment Purchases: All uniforms, equipment, or other items obtained for training purposes shall be authorized by the Training Sergeant.

E. Ammunition Purchases: All ammunition for the Sheriff's Office (with the exception of ammunition for the Emergency Service Unit) shall be purchased by the Lead Firearms Instructor or his or her designee.

1. If the total amount of the ammunition purchase is more than two hundred (200) dollars, the employee must have the approval of the Administrative Commander.

2. The Lead Firearms Instructor or his or her designee shall order the ammunition, complete a Purchase Notification Form and update the Ammunition Inventory Database.

3. The SWAT Commander or his or her designee shall purchase all ammunition for the unit. SWAT ammunition shall be stored and inventoried separately from all other Sheriff's Office ammunition.

4. Employees requiring to utilize ammunition (e.g. for training) shall contact the Lead Firearms Instructor (see G-8300 Firearms Training and Qualification).

F. Computer Purchases: All computer hardware and software shall be purchased through the Sheriff's Office Technical/Information Systems Support personnel.

G. Vehicle Purchases: All vehicle purchases shall be coordinated with Fleet Services and shall only be made by a division commander.

1. When a division commander wishes to acquire a vehicle he or she shall send a memorandum to Fleet Services describing the vehicle requested including any specific options.

2. The Fleet Services Manager will locate the appropriate vehicle (generally from the State of Nebraska Contract) and make recommendations regarding additional options.

3. If the vehicle meets the division commander's requirements, he or she shall notify the Fleet Services Manager to acquire the vehicle. The Fleet Services Manager will follow the Sarpy County Vehicle Acquisition Procedures and will notify the division commander when the vehicle is available.

4. If a division commander wishes to take a vehicle permanently out of service, he or she shall notify the Fleet Services Manager by memorandum. The Fleet Services Manager shall take the appropriate steps to dispose of the vehicle per Sarpy County policy.

5. If a division commander wishes to lease a vehicle, he or she may locate the appropriate vehicle, but shall then notify Fleet Services by memorandum of the vehicle type and the location from which the car will be leased. The Fleet Services Manager will determine if the lease is the most cost effective and shall coordinate the lease with the Sheriff's Office and the County. The division commander may need to sign the final lease agreement prior to take possession of the vehicle.

6. If a division commander wishes to obtain a vehicle through seizure or from the impound lot (e.g. an abandoned vehicle for which the Sheriff's Office has obtained the title), he or she shall notify Fleet Services by memorandum. Fleet Services shall inspect the vehicle and make a recommendation to the division commander regarding any recommended repairs or service. If the division commander still wishes to obtain the vehicle, Fleet Services shall coordinate the acquisition. Vehicles acquired through a Federal Seizure shall be utilized and disposed of following federal guidelines.

7. If a vehicle is being acquired or leased for an undercover deputy, the division commander shall advise Fleet Services. The Fleet Services Manager shall ensure the vehicle is not listed as part of the Sheriff's Office vehicles in the public record.
