c) An employee believes the subject sustained injury.

d) An injury is evident as the result of a use of force incident.

2. The involved employee's supervisor shall notify the on-duty watch commander or the ADC on all reportable use of force incidents.

3. The supervisor shall ensure that the employee has completed a Use of Force Report form and an incident report.

4. The supervisor shall review all reports from all involved and witnessing employees and initiate an Incident Review and complete a summary report.

5. The Incident Review Summary Report shall be provided to the supervisor's command officer.
