CHAPTER TITLE GENERAL	RESOURCES NRS 28-1412			
SUBJECT DUTY HANDGUNS	CROSS REFERENCE G-6100 USE OF FORCE G-8300 FIREARMS TRAINING AND QUALIFICATION			

I. Purpose:

The purpose of this policy is to establish the guidelines for duty handguns. The Duty Handguns policy applies to any deputy who is either on-duty, or off-duty and functioning in a law enforcement capacity.

II. Policy:

Sarpy County Sheriff's Office personnel, while on duty, are authorized to carry and use only those firearms that conform to the specifications and requirements set forth in policy. Rules pertaining to the use of firearms are contained in G-6100 Use of Force and in each authorized weapon policy. The authority to carry and use firearms for sworn personnel in the performance of duty is established in NRS 28-1412. No employee shall carry or use any firearm he or she is not authorized to carry or use nor shall any employee carry or use any firearm he or she is not trained to use.

III. Procedures:

A. Duty Handgun Requirements:

1. **Caliber:** Duty handguns shall be chambered in 9mm Parabellum, .45 ACP or .40 Smith and Wesson.

2. **Brand:** Reputable manufacturer that has been approved by the Lead Firearms Instructor and meets the below listed specifications for trigger, barrel length, color, and ammunition.

   a) Deputies shall be required to initially purchase a duty handgun manufactured by Glock. After one (1) year from the deputy's date of

hire, the deputy may purchase another handgun from the approved brand list if they meet the following requirements:

b) Deputies shall show proficiency of 80% or higher at the time of the initial department qualification shoot with the alternate brand handgun.

c) Deputies shall maintain a Glock brand duty handgun, approved holster, and magazine pouch in the event that the alternate brand duty handgun becomes inoperable.

d) Deputies authorized to carry an alternate handgun which was approved prior to 7/10/15 may continue to do so.

e) Deputies authorized to carry a duty handgun other than Glock shall purchase a non-firing training gun ("Red Gun") in the exact make and model as their authorized duty handgun. The training gun shall be brought to any training when requested by the administration.

3. **Trigger:** The handgun shall be double-action, striker-fired only or single action if approved by the Lead Firearms Instructor.

a) If a single action handgun is authorized, the weapon shall be carried in "Condition One." Condition One is considered to be with a round in the chamber, the hammer cocked and the manual thumb safety on the side of the frame engaged.

b) Any authorized single action handgun shall be equipped with a grip safety.

4. **Barrel Length:** The handgun shall have a barrel length no less than three (3) inches in length and shall not exceed six (6) inches in length.

5. **Color:** Duty handguns shall be factory blued, black and/or stainless in color.

6. **Ammunition:** Only ammunition authorized by the Sarpy County Sheriff's Office will be used in "Duty Handguns."

7. **Weapon Request Form:** Any deputy requesting to carry a new weapon shall fill out a Weapon Request form. This form will detail the review, inspection, approval, and registration process.

8. **Qualification:** The deputy shall complete a handgun qualification course monitored by a certified firearms instructor with a minimum qualifying score of 80% prior to carrying any duty handgun. Deputies must also maintain a

minimum qualifying score of 80% on all required handgun qualification courses (see G-8300 Firearms Training and Qualification).

B. Handgun Carry:

1. Deputies shall carry their duty handgun at all times while on-duty, except when:

a) Within a secure area of a law enforcement facility.
b) Participating in training.
c) Exempted by a command officer for a specific purpose.

2. The duty handgun shall be carried with a round in the chamber and a fully loaded magazine in the handgun at all times. All subsequent magazines shall be loaded to full capacity.

C. Handgun Accessories: No accessories may be added to or modifications made to any duty handgun without prior approval in writing from Lead Firearms Instructor. The Sheriff shall be notified of all handgun modifications.

1. Magazines shall be original factory equipment only.

2. Magazines must conform to the listed capacity for the specific weapons.

3. The following approved accessories may be added to a duty handgun with written permission. Deputies shall submit a Weapon Request form for any accessory or modification:

a) Laser Sights: Must be installed by a Sheriff's Office armorer.

b) Tactical Light: A tactical light approved by a Sheriff's Office armorer.

c) Night Sights.

d) Miniature Red Dot System: Must follow MRDS policy below.

D. Miniaturized Red Dot Systems (MRDS): Deputies may elect to carry a pistol equipped with a miniaturized red dot system (MRDS) or red dot sight (RDS).

1. Training: After meeting equipment requirements, deputies must attend an eight (8) hour in house training/ familiarization course or as a recruit complete the Sarpy Douglas Law Enforcement Academy 40 hour firearms class with an installed SCSO approved MRDS . In order to carry an MRDS equipped handgun Deputies must qualify and maintain a passing score of 80% on all required handgun training.

2. **Optic Zero:** Optic must be zero'd at 10 yards, confirmed at 25 yards. Initial zero completed or verified at familiarization course. Zero shall be maintained by deputy and verified at departmental qualifications.

3. **Optic Choices:**

   a) **Trijicon RMR**
      (1) Type 2 Adjustable LED 3.25 MOA RM06-C-700672
      (2) Type 2 Adjustable LED 6.5 MOA RM07-C-700679

   b) Aimpoint ACRO
      (1) P-2 3.5 MOA Item #200691

   c) Holosun HE09T
      (1) HE 509T-RD-X2
      (2) HE 509T-GR-X2

   d) Steiner MPS 3.3 MOA Red Item # 8700-MPS

4. **Mounting:**

   a) **Direct Mount:** Using a standard pistol slide, attaching the optic directly to the handgun. Slide must be milled or modified by a reputable gunsmith or company approved by MRDS instructor.

      (1) If choosing a direct mount a sealing plate must be installed to ensure a water-tight seal.

   e) **Optic Ready Firearm:** Deputies may elect to purchase an optic ready firearm from the approved list in section III. A. above such as Glock MOS or Smith and Wesson CORE.

5. **Secondary Sighting System:**

   a) **Iron Sights:**

      (1) Deputies may choose style, make, and model of iron sights. It is required that iron sights co-witness with optic. Deputy may elect for either full co-witness or lower 1/3 co-witness.

      (2) Iron sights should be zero'd separately from optic to confirm proper alignment after installation.

6. **Maintenance:**

a) **Lens Care:** An anti-fog treatment may be applied to the lens or glass portion of the optic to reduce fogging and maintain a rain repellent finish.

b) **Battery:** Batteries must be changed on an annual basis.

7. **Holster:** Electing to carry a MRDS pistol does not change approved holster styles. Deputies will furnish a level 3 approved holster according to authorized equipment lists which is compatible with their optic and handgun.
