		APPROVED: *GREG LONDON*		

CHAPTER TITLE GENERAL	RESOURCES NRS 28-1412
SUBJECT SHOTGUN	CROSS REFERENCE G-6100 USE OF FORCE G-8300 FIREARMS TRAINING AND QUALIFICATION P-3210 PATROL SHOTGUN

I. Purpose:

The purpose of this policy is to establish the guidelines for carrying and using shotguns.

II. Policy:

Sarpy County Sheriff's Office personnel are authorized to carry and use only those firearms that conform to the specifications and requirements set forth in policy. Rules pertaining to the use of firearms are contained in G-6100 Use of Force and in each authorized weapon policy. The authority to carry and use firearms for sworn personnel in the performance of duty is established in NRS 28-1412. No employee shall carry or use any firearm he or she is not authorized to carry or use nor shall any employee carry or use any firearm he or she is not trained to use.

All shotguns assigned to Sheriff's Office vehicles shall be Remington 870 single shot pump action models. The ESU Commander, with the approval of the Sheriff and Lead Firearms Instructor, may authorize another brand and model of shotgun for use for members of the Emergency Service Unit.

III. Procedures:

1. **Shotgun Requirements:** Prior to carrying or using any shotgun, deputies shall complete a shotgun training course taught by a certified firearms instructor with a minimum qualifying score of 80%. Deputies must also maintain a minimum qualifying score of 80% on all required shotgun training courses (see G-8300 Firearms Training and Qualification).

B. Shotgun Carry:

1. Shotguns shall be carried locked in the shot gun rack of all marked patrol units. In vehicles without a rack shotguns shall be carried in a case and locked in the trunk.

2. Shotguns shall be carried fully loaded with 00 buckshot, with the chamber empty, and the safety on until deployed for use.

3. Deputies shall inspect the shotgun in the vehicle assigned to them at the beginning of each shift. The inspection shall ensure the shotgun is in good repair, the safety is on and a round is not chambered. (See P-3210 Patrol Shotgun for unloading procedures.)

4. Anytime a shotgun is passed from one deputy to another, the safety shall be on, the chamber empty and the action open, unless circumstances do not allow for the immediate clearing of the chamber. In such incident, the chamber shall be cleared as soon as it is safe to do so.

5. For additional carry and use procedures, see P-3210 Patrol Shotgun.
