STANDARD OPERATING PROCEDURE			G-7200
	SARPY COUNTY SHERIFF'S OFFICE PAPILLION * NEBRASKA **GREG LONDON** **SHERIFF**	DATE ISSUED 12/04/06	DATE REVISED **04/22/21**	DATE REVIEWED 02/02/25
		APPROVED: *GREG LONDON*		
CHAPTER TITLE GENERAL	RESOURCES FOP CONTRACT			
SUBJECT JOB RELATED INJURIES	CROSS REFERENCE G-7210 EXPOSURE TO BODILY FLUIDS			

I. Purpose:

The purpose of this policy is to establish the guidelines for reporting job related injuries and processing injured on-duty claims.

II. Policy:

Employees of the Sarpy County Sheriff's Office shall report all incident of injury while on duty. To assure the Sheriff's Office complies with all reporting requirements, the following procedures have been established. The Office Manager and the Sheriff's Office Medical Unit shall oversee the process and ensure proper reporting and follow-up care.

III. Procedure:

A. Reporting Requirements-Employees:

1. Employees shall report any of the following to their immediate supervisor or a division command officer.

a) Injury which occurs while the employee is on duty.
b) Injury which occurs while the employee is off duty but performing an official duty.
c) Injury which occurs while the employee is off duty but in a Sheriff's Office vehicle or on county property.
d) Illness or disease which is alleged to have arisen in the course of employment.
e) Significant exposure to the bodily fluids of another person (see G-7210 Exposure to Bodily Fluids).

2. Employees shall report any of the above as soon as possible. Minor injuries that could result in future complications should also be reported as soon as possible.

B. Job Related Injuries-Supervisor Responsibilities:

1. The injured employee's supervisor shall notify the on-duty watch commander or ADC of all job related injuries other than those of a minor nature that require no medical attention.

2. If possible, the supervisor shall respond to the scene of the incident and conduct a preliminary investigation to include:

a) Identifying and interviewing witnesses.
b) Collecting and preserving any evidence.
c) Photographing visible injuries.

3. In case of severe injuries, the supervisor shall complete an information report including the details of his or her preliminary investigation.

4. If the employee requires medical treatment, the supervisor shall ensure the employee's duty weapon and other equipment are secured.

5. The supervisor shall ensure an electronic leave request form is completed for each duty shift (or portion there of) the employee is absent as a result of the job related injury. IOD (injured on duty) shall be listed as the reason of the leave.

C. Treatment:

1. Minor Injuries: Employees may report to a medical facility for treatment of minor injuries.

2. Severe Injuries: Employees shall respond to the nearest medical facility for the treatment of severe injuries.

a) For billing purposes and coordination, employees shall provide the Sheriff's Office address on all billing and should request any bills or documentation be sent to the Office Manager.

3. Employees requiring follow-up medication should contact the Office Manager to obtain the NIRMA Workers Compensation Benefits Cards. This card can be used for medications only (as defined by NIRMA). Employees that experience out of pocket expenses prior to obtaining the card should turn in any receipts to the Office Manager for reimbursement.

D. Documentation of Job Related Injuries:

1. Communications shall be requested to generate a report number regarding any job related injury.

2. The employee shall be responsible for the following documentation on the date of the injury:

a) Heartland Comp Physical Capacity Report form (required by NIRMA).

b) Medical facility discharge paperwork.

c) First Report of Alleged Occupational Injury or Illness form. (Employee shall complete the Employee and Occurrence/Treatment portions of the form).

d) Injured on Duty Report form.

e) Information Report.

3. The forms listed above in III. D. 2 shall be completed by the employee on the date of the injury and immediately forwarded to the Office Manager and the Assistant Administration Division Commander. These forms shall also be completed for incidents where there appears to be no loss of time of work, no medical expense but there is potential for injury that may appear at a later date. The Administration Division is responsible for determining IOD status and for notifying the injured employee's chain of command for any work absences due to injury.

4. In the event of incapacitation or death, the employee's supervisor shall be responsible for the completion of all reports and forms and shall submit them for the injured employee.

5. The injured employee shall forward all medical bills and related documentation to the Office Manager.

6. In the event an employee is directed or required to complete follow-up care regarding the initial job related injury, he or she shall obtain a Heartland Comp Physical Capacity Report form from the Office Manager. The completed form shall be returned to the Office Manager immediately after each appointment.

7. Upon the employee's return to work, the Sheriff reserves the right to request a medical return to work report and/or a Medical Release of Information.

E. **Worker's Compensation:** Worker's Compensation and county benefits shall be paid in accordance with state law and the current FOP contract. The compensation and county benefits shall equal the employee's base pay. The Office Manager shall contact the injured employee and explain the process in which worker's compensation funds are dispensed to the employee during the times the employee is off duty due to an on-duty illness or injury. Employees shall not receive supplemental worker's compensation payments that would total more than the employees base pay. Employees may either:

1. Retain the monies from worker's compensation and not reimburse the county in order to obtain the base pay. It shall be the employee's responsibility to ensure that supplemental payment, in excess of the regular base pay is not received or;

2. Turn over any payments received from worker's compensation to the county for reimbursement for the payroll the employee receives as a result of the worker's compensation claim. This will ensure the employee receives his or her base pay but does not receive supplemental pay which would constitute a violation of the labor contract.

F. **Investigation of Job Related Injuries:** The Sheriff shall have the right to determine, by investigation, whether injuries or illnesses are job related.
