STANDARD OPERATING PROCEDURE			P-3430
	SARPY COUNTY SHERIFF'S OFFICE PAPILLION * NEBRASKA GREG LONDON SHERIFF	DATE ISSUED 06/01/06	DATE REVISED **02/09/23**	DATE REVIEWED 02/02/25
		APPROVED: *GREG LONDON*		
CHAPTER TITLE ROAD PATROL	RESOURCES			
SUBJECT RESCUE CALLS	CROSS REFERENCE P-4810 CRIME SCENE G-7500 UNIVERSAL PRECAUTIONS			

I. Purpose:

The purpose of this policy is to establish procedures for deputies responding to rescue calls.

II. Policy:

The Sarpy County Sheriff's Office Patrol Deputies shall function as first responders for calls for emergency medical treatment and provide medical treatment commensurate to their level of training and experience. Deputies shall also determine the cause of the medical emergency to ensure that any criminal acts are detected and investigated.

III. Procedures:

A. Rescue Call-Deputy Responsibilities: Deputies shall respond to all calls for emergency medical assistance and render aid to the level of their training and experience.

1. Deputies shall determine if the scene is safe to enter and secure to allow emergency medical personnel to respond.

2. Deputies shall initiate procedures to protect against infectious diseases (see SOP G-7500 Universal Precautions).

3. If the medical emergency is an injury, deputies shall determine if the injury was a result of a crime:

a) If the injury was a result of a crime, the deputy shall attempt to identify the suspect and place him or her in custody.

b) The deputy shall control the number of individuals entering the crime scene, and the deputy shall protect any evidence from contamination or alteration (see P-4810 Crime Scene).

c) The deputy shall identify and secure any possible witnesses, and the deputy shall obtain initial information and statements.

d) The deputy shall complete an incident report.

4. Once emergency medical personnel are on scene, the deputy shall be responsible for scene security, traffic control, and crowd control.

5. Deputies shall assist emergency medical personnel as requested.

6. Rescue calls involving work related injuries that result in death, amputation, loss of an eye, and any injury that results in inpatient hospitalization shall be reported to the Occupational Safety and Health Administration (OSHA) and an incident report shall be competed. The Communications Center may assist in contacting the local OSHA office.

7. Deputies responding to rescue calls involving a hunting related injury or death shall complete an incident report.

a) A hunting incident is defined as: “An occurrence or event that results in the physical injury or death of a person or persons which involves the discharge or use of hunting implement while engaged in hunting activity.” This includes injuries resulting from ascending or descending from an elevated hunting position (e.g. a tree stand).

b) Hunting incidents shall not be referred to as accidents in reports. Criminal liability may be attached to a hunting incident by the County Attorney after the completion of an investigation.

8. Any time an individual’s injuries or medical condition is imminently life threatening or the injuries resulted from the discharge of a firearm an incident report shall be completed by the responding deputy.

9. Deputies may return to service after arriving at a rescue call or a supervisor may cancel responding deputies prior to arrival if the incident is determined to be unrelated to a crime, emergency

medical personnel are on scene and the completion of a report is not required.
