CHAPTER TITLE ROAD PATROL	RESOURCES **CALEA 70.1.1, 70.1.2, 70.1.6, 70.1.7, 70.1.8**			
SUBJECT TRANSPORTATION OF SUSPECTS	CROSS REFERENCE G-6300 AUTHORIZED RESTRAINTS P-3230 IN-CAR AUDIO/VIDEO RECORDING SYSTEM P-4700 ARRESTS/CITATIONS			

I. Purpose:

The purpose of this policy is to establish the procedures for transporting suspects arrested by Road Patrol deputies.

II. Policy:

It is the policy of the Sarpy County Sheriff's Office that all persons arrested shall be transported in a lawful, professional, and orderly manner. The transportation shall be conducted in a manner that reduces the chance of injury to the deputy, the suspect, and the general public, and reduces the risk of escape. All persons taken into custody by the Road Patrol, regardless of transport destination, shall be transported adhering to the following policies.

III. Procedure:

A. Prior to Transportation-Deputy Responsibilities:

1. All suspects shall be properly restrained and searched prior to being placed in a patrol unit (see P-4700 Arrests/Citations and G-6300 Authorized Restraints).

2. Prior to placing the suspect into the patrol unit, the unit shall be searched for contraband and weapons.

3. Generally, suspects shall only be transported in patrol units equipped with a partition. A single suspect shall be placed on the passenger side and the rear doors shall be locked.

4. Two suspects of the same gender may be transported in a patrol unit equipped with a partition.

5. All suspects shall wear seatbelts unless circumstances prevent their safe use. If a deputy believes the use or application of the seatbelt would be unsafe, the shift supervisor shall be notified and provide permission prior to transport.

6. Suspects shall not be placed in a patrol unit unattended; a deputy shall be near enough at all times to respond to an emergency involving the suspect.

7. The arresting deputy shall advise Communications of the destination and gender of the suspect/individual before transportation begins.

8. If the patrol unit is equipped, the arresting deputy shall activate the in-car audio/video recording system including the microphone (see P-3230 In-Car Audio/Video Recording System).

B. Transportation of Suspects-Deputy Responsibilities:

1. Suspects shall remain under observation at all times.

2. Deputies shall avoid responding to incidents while transporting suspects unless their actions are immediately necessary to prevent death or serious bodily injury.

3. Suspects shall not be allowed to communicate with other persons while being transported.

C. Arrival at Destination-Deputy Responsibilities:

1. Deputies shall secure their weapons in the lock boxes prior to entering a jail facility or any other facility that does not allow weapons. If there are no lock boxes available, weapons can be secured in the trunk area of a county vehicle.

2. Restraints shall remain on the suspect until removal is authorized by the receiving facility personnel.

3. Deputies shall provide all required paperwork and documentation to the receiving facility prior to leaving.

4. Deputies shall notify the receiving facility of any potential medical or unusual security risks posed by the suspect.

5. Deputies shall document the transfer of custody in their report.

6. The arresting deputy shall search the patrol unit after the suspect has been removed.

D. Transportation of Combative or Violent Suspects:

1. Two deputies shall transport a combative or violent suspect.

2. Deputies shall not ride in the rear of a patrol unit equipped with a partition unless authorized by a shift supervisor.

3. Only authorized restraints shall be used. If appropriate restraints are unavailable, the Jail Division or Court Services Unit may be contacted to provide restraints and transportation.

4. The shift supervisor may request a rescue squad (or private ambulance) to transport a suspect if the Jail Division or Court Services Unit is unable to provide an appropriate level of restraint that does not pose a significant risk to the arrestee or deputies or there are medical considerations. A deputy shall accompany the suspect in the rescue squad.

E. Transportation of Disabled Suspects:

1. Disabled suspects shall be transported by patrol units, if possible.

2. If the suspect cannot be transported in a patrol unit, Court Services Unit, or a rescue squad may be requested to provide transportation. A deputy shall accompany the suspect in the rescue squad.

F. Escape of a Suspect During Transport-Deputy Responsibilities: In the event of an escape during transport, deputies shall:

1. Immediately notify Communications and provide all necessary information.
2. Notify the shift supervisor.
3. Take appropriate action to recover the suspect.
4. The transporting deputy shall complete a detailed incident report regarding any escape from custody.
